

RiskMetrics Group

Stanley J. Dubiel

Stanley Dubiel heads global proxy research for RiskMetrics Group's ISS Governance Services unit. With over 14 years of global governance experience, Dubiel oversees all proxy related activities and is responsible for on-time deliver and quality of the following research services: Proxy Advisory Service (PAS); Global Research Service (GRS); Social Issues Service (SIS); Custom Research Service; Taft Hartley Service; and ISS Canada. Previously, Dubiel led ISS' International, and Custom Research units as well as the research team covering the German speaking markets.

Dubiel received a B.S. degree in International Area Studies from Drexel University. His studies concentrated on economics and the German language. Before joining ISS in January 1994, his experience included work with the Philadelphia Stock Exchange, Elekluft, GmbH in Bonn, and Valley Forge Technical Information Services, GmbH in Munich.
